

Meet your new best-friend...

Bringing you pure power and persistent performance

The **NEW 5.5kW Yamaha EF5500FW** is the answer that you've been waiting for if you desire performance that just goes the extra distance.

This model supersedes the 5.2kW Yamaha EF5200FW and adopts a new environmentally friendly engine with high output and low fuel consumption capable of longer non-stop operation making it the highest output level in its class.

The new EF5500FW carries on the proud brand image created by the EF5200FW while raising product value and quality. The added bonus is that the warranty* is still a generous 4 years!

With so many advantages on the previous model, you'll be off your rocker to let this one go by...
